Otis, recently Surgeon of the 27th Massachusetts Regiment; also 2450 specimens of insects, 370 specimens of stuffed birds; 30 stuffed quadrupeds, including two enormous wildcats, killed in this county; 100 species of fish and reptiles; small cabinets of coral and crustacea; an extensive mineralogical cabinet; a large and very curious collection of fossils; numerous Indian and foreign antiquities, and several flags and various other trophies captured from the Southern rebels by our home troops. Additions are frequently made by the generosity of our citizens, and the Museum is in quite a flourishing state for so young an institution. The Museum is open and admission free to the public on Wednesday and Saturday afternoons. At other times a permit from the Librarian or one of the curators is requisite for admission. Donations for the Library or the Museum may be left with the Librarian.

Union Hall, adjacent to the Union House, South Main street; Rice's Hall, State street, are all commodious and pleasant places for assemblies, meetings, etc. The two latter are occupied for Sunday meetings.

PLACES WORTHY OF NOTICE FROM STRANGERS.

THE CITY HALL, fronting Court Square, erected at an expense of \$100,000, ranks among the finest buildings in New England. It has an audience room capable of holding 3,000 persons, and accommodations for all city offices, Police Court, City Library, and City Museum.

THE CEMETERY—In the south-easterly part of the city, has its main entrance from Maple street, near its junction with Central street, with an entrance for carriages also from Pine street, and for people on foot from Mulberry and from Union streets. It has great natural advantages of location and scenery, combining a fine variety of hill and dale, and is constantly being beautified and adorned by the hand of art.

THE UNITED STATES ARMORY—Has undergone much improvement and enlargement during the war, but the reduction of the force employed has of late been very great. The following comparative statistics will show the vast increase in the business of the armory: In the month of April, 1861, there were 504 men employed; in April, 1862, there were 1912; and in April, 1863, 2635. The number of muskets fabricated in April, 1861, was 1202; in May, 2000; in June, 3000; and the increase has been rapid and steady up to May, 1862; May, 1863, 25,000; April, 1864, 26,000; and the monthly product was about as great until January, 1865. The number in April, 1865, was 11,200, and in May, 8,800. The greatest number of men employed at any one time during the war was about 3,200, of whom about 2,000 had been discharged up to to July, 1865.

HAMPDEN PARK—Inaugurated September 29, 1857. Purchased and improved by the Hampden County Agricultural Society at a cost of \$31,600, for an exhibition ground; "the finest and most convenient location the Society could have fixed upon, and unsurpassed for beauty and fitness by any lot devoted to a similar purpose, in the world." These grounds, sixty acres in extent, enclosed on the river side by a costly levee, on the other side by a substantial fence, contain a splendid barn, with stalls for cattle and horses, and extensive sheds in addition, devoted to a like purpose; a mile and also a half mile track, graded and kept in good condition; a range of seats three hundred feet long; and a judges' stand, tasteful in appearance and permanent in construction. Here are held the far-famed Springfield Horse Shows, and the annual Cattle Shows of the County Society. Its use as a public park is strikingly appropriate, for it was the first lot of land granted by the early settlers, within the first month after their arrival in 1636.

GREAT FRESHETS—*Highest Rise of Water in Connecticut River*—1801, twenty-one feet six inches; 1843, April 18, twenty feet eight inches; 1854, May 1, twenty-two feet four inches; 1856, August 21, eighteen feet nine inches, (Camp Thompson inundated); 1859, March 20, twenty feet six inches; 1862, April 20, twenty-two feet two inches (Hampden Park flooded); 1865, March 18, eighteen feet ten inches.
